

Posting a Truck and Creating Parts in Inventory

1 Select the "Post" menu option

The screenshot displays the TPI PARTSLINK Sellers Dashboard. The left sidebar contains navigation links: Sellers, Post (highlighted with an orange circle), Seek, Connect, and Profit. The main content area is titled 'Sellers Dashboard' and includes a warning message about credits. Below this is the 'Sales Information' section, which is divided into 'Sales' and 'Inventory' tabs. The 'Sales' tab shows metrics for Sales, Returns, Items Sold, and Your Sales. The 'Inventory' tab shows metrics for Currently Displayed Parts, Currently Displayed Trucks/Trailers, Public Active Parts Missing Media, Public Active Trucks/Trailers Missing Media, Average Parts Content Rank, and Total Parts Inventory Value.

4

Once you have entered a VIN, you will have the option to "Use Selected Data from VIN"

The screenshot shows the 'Add Truck' form with a modal window open. The modal contains the following fields:

- ☒ Diesel
- Engine Code: ☒ DR
- Drive Line Type: ☒ 6x4
- Vehicle Type: ☒ Truck
- Brake System: ☒ Air
- Country: ☒ MEXICO
- Assy. Plant: ☒ Saltillo, Coahuila Mexico
- GVWR Class: ☒ Class 8: 33,001 lb And Over
- Check Digit: ☒ 6

At the bottom of the modal, there is a 'Close' button and a 'Use Selected Data from VIN' button, which is highlighted with an orange circle. The background form shows fields for Lot Number, Date Purchased, VIN, Year, Truck Make, Truck Model, Body Style, Location, Engine Make, Engine Model, Engine Serial#, Engine Casting#, Transmission Make, and Transmission Model.

5

There will be fields that the VIN decoder is unable to automatically fill out. If the field is bolded, it is mandatory to fill out. If the font is not bolded for the field, it is optional to fill out. If you have the information, we always recommend including it.

The screenshot shows the 'Add Truck' form with various fields. The 'Body Style' field is bolded and contains 'TRUCK TRAILER'. The 'Location' field is bolded and contains 'Back Lot'. The 'Engine Make' field is bolded and contains 'Detroit'. The 'Engine Model' field is bolded and contains 'DD15'. The 'Engine Serial#' field is optional. The 'Engine Casting#' field is optional. The 'Transmission Make' field is bolded and contains 'Search Transmission Make'. The 'Transmission Model' field is bolded and contains 'Search Transmission Model'. The 'Transmission Serial#' field is optional. The 'Differential Make' field is bolded and contains 'Search Differential Make'. The 'Differential Model' field is bolded and contains 'Search Differential Model'. The 'Differential Serial#' field is optional. The 'Ratio' field is optional. The 'Suspension' field is optional. The 'Sleeper Type' field is optional. The 'Yardage' field is optional. The 'Mileage' field is optional. The 'Financial Notes' section is titled 'Financial Notes Optional, Private' and contains a text area for 'Additional financial notes that will be exclusive to Edit Cost Truck/Trailer role.' The 'Private Notes' section is titled 'Private Notes Optional, Private' and contains a text area for 'Any notes about this truck you want your company to see in the back end - not visible to public.' The 'Other Options' section contains a 'Labels' field (optional) and a 'Display Truck on' field (optional) with a dropdown menu showing 'TruckPartsInventory.com, Portal, and Sellers'.

"Price" represents what you want to sell the truck for, while "Cost" represents what you paid for the truck. If a field is private, it will note it is in brackets. If you want information regarding the price or cost to be private but it does not appear to be private, you can add that information into the Financial Notes section below, as these notes are private.

18

You can choose to upload photos directly during this step. We also recommend always including photos when listing parts. These can also be added after you create the parts as well.

The screenshot shows a web form for 'Cab & Cab Parts / Cabs'. The form is divided into several sections:

- Custom Fields:** Includes an 'Add custom field' button.
- Unit Quantity and Cost Management (Optional, Private):** Contains input fields for 'Units' (set to 1) and 'Cost/Unit' (set to 0.00).
- Freight Information (Optional, Private):** Contains input fields for 'Length (inches)', 'Width (inches)', 'Height (inches)', and 'Weight (lb)'.
- Private Notes (Optional, Private):** A text area for notes, with a note that they are not visible to the public.
- Other Options:** Includes a 'Show Part on' dropdown menu set to 'TruckPartsInventory.com, Portal, & Sellers'.
- Upload Photos:** An 'Upload' button and a message stating 'This part currently has 0 images and 0 images ready to upload.'
- Upload Video:** A 'YouTube Video URL' input field.
- Also Fits (Optional):** An 'Add +' button.
- Quick Create Part:** A blue button at the bottom right of the form.

At the bottom of the form, there is a red bar with the text 'Cab & Cab Parts / Cabs' and a 'Skip this part' link. Below the red bar, there are tabs for 'Information' and 'Pricing'.

19

Always click "Quick Create Part" once you have filled out the information for even just one part, this will ensure it saves and no work is lost.

This screenshot is identical to the one above, showing the 'Cab & Cab Parts / Cabs' form. The 'Quick Create Part' button is highlighted with an orange circle, emphasizing the instruction to click it after filling out the information.

At the bottom of the form, there is a red bar with the text 'Cab & Cab Parts / Cabs' and a 'Skip this part' link. Below the red bar, there are tabs for 'Information' and 'Pricing'.

At the very bottom, there is a 'Feedback' button, a 'Stock #' field with the value 'TR12111111212566974-2', a 'Lookup Pricing Information' link, and an 'Action List' button with a red '3' icon.

20

After you have created a part, it will automatically push you to the next part to "Quick Create" for the truck.
